- a) **Councillor Buckingham** to report on progress on acquisition of the village triangles. There was no report.
- b) **Councillor Duffy** on policing and crime matters. There was nothing to report. Councillor Churchill reported that there had been a house break-in in the village the previous week. Darryl Morgan has alerted parishioners via the email list to urge people to be more aware of security as there have also been problems in neighbouring villages.
- c) **Councillor Kirton** on traffic calming. Councillor Kirton reported that he was still waiting for the small 30mph roundels to be supplied from SCC. People at either end of the village are reporting that there has been an improvement in traffic speeding through the village. One resident said that this was the first implementation that had actually been effective in recent years. Councillor Kirton has had a conversation with the Clerk to Kettleburgh PC who is investigating speeding issues in the village. He was confident that although it was not the total answer it is proof to electors that action was being taken and it is just one of several

initiatives to deal with road safety in the village. Councillor Churchill reported that Easton PC Chairman had recorded a big increase in large tipper trucks. Councillor Churchill has had an incident herself of aggressive driving by Tippers 'r' Us. It was agreed that the Clerk should contact employers at Tippers 'r' Us and report the fact that drivers are driving dangerously or inconsiderately. The Clerk will also ask for details of why there is an increase in traffic through Easton and Brandeston.

- d) **Councillor Mitson-Woods** has ordered machine rounded, chamfer topped posts for Low Street triangle to prevent ingress from vehicles. A date was discussed for a work party of Councillors to put them in place. Councillor Norman is to supply some soil to fill in where the triangle has been eroded. The first weekend of 1st/2nd April was set for this work.

8/1617/10 Manse Hill safety measures. BPC to consider applying to Councillor Vickery's funding in the new year 2017/18 to complete the chevron installation if more money is needed. The Clerk to get in touch with Mike Ling from SCC Highways to check progress. Councillors considered that SCC should not expect the Parish Council to pay for the chevrons as these are to be replacements for the existing ones that have been destroyed by traffic incidents.
