- Apple Pressing – Don't let your fruit go to waste, make your own cider or juice. If you live in Brandeston and wish to donate your fruit, please give us a call.
- It takes about 30 minutes to press enough apples for a gallon of juice. You will need to bring 15 to 20 kgs. of washed fruit and, of course a container, to take away the juice.
- Photographic Competitions – 2 classes - under 14s and all those older.

This event is in aid of village hall funds. A free event but lots of things to spend your money on so don't forget to bring some.
